Important Instructions!

1. To call Central merely place receiver to ear and with lips about two inches from transmitter, and as soon as Central asks "Number" give her the number of party desired by speaking in a low, distinct tone. DO NOT SHOUT.

2. Call by number only for the Operator will not give a connection where name instead of number is asked for.

3. Do not ask for location of FIRE as Central will be busy giving what assistance she can to those who are connected with the Fire Department.

4. Do not ask "Is this Central?" or "Hello Central." To do so causes a loss of time and accomplishes nothing.

5. In calling a number give each numeral separate as TWO-SEVEN-EIGHT, not two hundred and seventy eight.

6. During the time the party called is being rung the calling Subscriber will hear a faint intermittent buzz, this is assurance that called Subscriber is actually being rung. Do not ask Operators to ring "HARD," "LONG," nor "AGAIN," for ringing is done automatically and the Operator has no control over ringing equipment.

7. AFTER RECEIVER HAS BEEN REMOVED FROM HOOK "DO NOT HANG UP," nor TOUCH HOOK UNTIL CONVERSATION IS FINISHED. TO DO SO WILL DISCONNECT INSTANTLY AND AUTOMATICALLY.

IF YOU ARE ASKED TO CALL SOME ONE TO PHONE DO NOT "HANG UP" WHILE WAITING FOR PARTY CALLED TO COME TO PHONE, FOR THIS SIGNALS OPERATOR CONVERSATION IS FINISHED AND SHE WILL DISCONNECT. IT IS IMPERATIVE THAT THIS RULE BE STRICTLY OBSERVED.

8. After finishing conversation if calling Subscriber wishes to recall Operator merely press Receiver hook completely down and release it. Central will answer at once.

9. In case you desire information not given in directory call "INFORMATION," and state your request. Remember the Operators' duty is to connect Subscribers and she cannot give information.

10. If you are on a party line and wish to speak to someone else on the same line ask the Operator to ring the desired letter "on this line." Do not HANG UP, but keep receiver to ear and with free hand hold receiver hook completely down, which will enable the Operator to ring—you will hear the ringing tone and when it ceases release hook and talk.

11. If you have a magneto phone you will have to ring Central as on old system, but it is imperative that as soon as conversation is finished Subscriber gives a short ring. This signals the Operator that conversation is finished, and she will disconnect. This also releases the line and makes it available for a recall or for other Subscribers on the same line.

12. When placing long distance calls ask Central for "LONG DISTANCE" in the usual way.

13. In placing calls from town telephones to farmer telephones ask Central for "Rural Operator" before giving number desired.

Oregon Telephone Company

Oregon Telephone Company

GENERAL OFFICES, MARSHFIELD, OREGON.

CHARLES HALL, President
 EARL W. GATES, Vice President
 CHARLES E. WELLS, Commercial Superintendent
 GEORGE A. BAUMAN, Plant Superintendent

January 1928 General Information

For the Guidance of Telephone Users

Good Service depends largely upon the measure of co-operation afforded the Telephone Company by the public. The observance of the following suggestions and instructions will greatly facilitate the successful operation of the service from all standpoints.

USE OF THE TELEPHONE

Speak directly into the mouthpiece of the telephone, in your ordinary tone of voice, with your lips close to the transmitter.

Consult the telephone directory to obtain the number with which you desire to be connected.

When you are through talking, say "Good-bye," so that the other party may know the conversation is finished, then replace the receiver on the hook.

Remember always, courtesy over the telephone wins friends.

TOLL SERVICE

STATION-TO-STATION SERVICE

STATION-TO-STATION service should be used when you will talk to ANYONE answering the telephone called, or when you feel that the person with whom you desire to talk can be promptly called to the telephone by the person answering. The charge for the call begins when anyone answers at the called telephone.

Rates for Station-to-Station calls are much cheaper than for other classes, because less labor and use of telephone equipment is required to complete them. For the same reason this service is generally more rapid.

Station-to-Station calls placed "Collect" will be charged for at the Person-to-Person rate. Therefore, if it is desired to have the called party pay the charges, the Person-to-Person class of service should be used.

Reduced Station-to-Station rates, known as Evening and Night rates, are in effect between 8:30 P. M. and 4:30 A. M. Evening rates are effective from 8:30 P. M. to Midnight and are about one-half the Day rate. Night rates apply from Midnight to 4:30 A. M. and are about one-fourth the Day rate. When the Day rate is 25c or less, the Evening and Night rate will be the same. In applying the Evening and Night rates the time when the connection is established will govern.

PERSON-TO-PERSON

PERSON-TO-PERSON service should be used when you desire to talk with a specified person and want the operator to locate and inform him of the call. Calls to specified local stations on a Private Branch Exchange come under this classification. The rates for Person-to-Person calls are higher than Station-to-Station calls.

An Appointment call is made when you desire to talk with a specified person at a designated time. The rate for this service is higher than the Person-to-Person rate.

Messenger Calls.—When it is necessary to send a messenger to summon the person called to the telephone, it is a messenger call. The rate for this class of service is the same as for an appointment call, but the exact amount for the messenger service will be charged in addition. The messenger charge must be guaranteed and must be paid, even if the desired conversation is not held.

Collect Calls.—On request of the calling party the total charges on Person-to-Person, Messenger and Appointment calls will be collected from the called telephone, providing such charges are accepted by the called person. The operator should be requested at the time the call is placed to collect the charges in this manner.

Report Charges.—On delayed or uncompleted Person-to-Person, Messenger and Appointment calls a report charge is made where such delay or failure to complete the call is not the fault of the Telephone Company. This charge is a partial compensation for the operating labor performed and use of the equipment required in attempting to loc-

ate and advise the called person of the call. No report charge is made if the call is completed on the same day the call is placed, or on the following day. The minimum report charge is 5 cents and the maximum charge is \$2.00

REQUESTS FOR CHARGES—If a person desires to be advised at the conclusion of his conversation of the amount of the charge on his call, time will be saved by so notifying the long distance operator at the time the call is placed. If the request for such information is not made until the completion of the conversation, unavoidable delay may result while the operator ascertains the rate and computes the charge.

RATES AND CHARGES FOR TOLL SERVICE

Rates for toll service are based in general upon an initial period of three (3) minutes, although in some cases a five (5) minute initial period is used. For all conversations not extending beyond the initial period, the full rate for the initial period will be charged. For conversations extending beyond the initial period, the full charge quoted for the overtime period applicable to that particular rate will be made in addition to the charge for the initial period.

The rate for a Station-to-Station call is the fundamental rate upon which the rates for other classes of service are based.

REPORTING TROUBLE

If your telephone is out of order or you have difficulty with your service, it will assist us in correcting the difficulty if you will report the facts promptly to us by telephone.

To report Telephone Out of Order, ask Operator for "Complaint Department."

To report Service Difficulty, ask for "Chief Operator."

ORDERS FOR TELEPHONE SERVICE

When any change in telephone service is desired, the Company should be notified at least seven days in advance. For orders for new service, changes in service, changes in directory listings, etc., call telephone number of Telephone Company, and ask for "Sales Department."

When vacating premises be sure to advise the Company sufficiently in advance to permit of your account being closed promptly.

PUBLISHING OF TELEPHONE NUMBERS

We advise the use of the expression, "Telephone Connection," rather than the telephone number, on vehicle stationery and in advertising, as service requirements may necessitate a change in telephone number.

DIRECTORY ADVERTISING

For information regarding advertising space in this Directory and rates for such service, call telephone number of Telephone Company, and ask for "Business Office."

TELEPHONE DIRECTORIES

This Directory is the property of the Oregon Telephone Company and is provided for the sole and exclusive use of its patrons, who are requested to maintain it in its original condition, reasonable wear and tear excepted. The company assumes no liability because of errors or omissions in this directory.

TELEGRAMS BY TELEPHONE—CALL "TELEGRAPH"

Telegrams to any part of the Pacific Coast are received at all offices of this company. Call "TELEGRAPH" any time DAY or NIGHT. Telegrams and cablegrams to any part of the world are also accepted where direct service is not advisable. This company does not assume any responsibility for failure to transmit, or for errors in transmission or delivery of messages.

To obtain the promptest service, it is suggested that patrons of this company advise correspondents on the Pacific Coast to send Telegrams, Day and Night Letters addressed to Oregon Telephone Company points over the lines of the Pacific Company.

The Telephone Company is not responsible for delivery of messages unless a definite residence or business address is given and in addition we also suggest that the telephone number of the person addressed be given, when known, as this will effect a saving of time.

COLLECTIONS

All city subscribers' exchange accounts shall be paid monthly in advance, and unless paid by the 15th of the current month, subscribers are subject to discontinuance of service.

All subscribers of farmer lines owned by this company must pay in advance their exchange accounts in quarterly installments on or before January 15th, April 15th, July 15th and October 15th of each year.

All accounts of privately owned farmer lines must be paid quarterly in advance.

Toll statements are issued the first of each month for service rendered from the 21st to the 20th of the previous months. These statements must be paid by the 15th or further toll credit will not be extended.

All subscribers are responsible for all long distance messages or conversations from their telephone.

Visitors Welcome!

Visitors to our Central Offices are welcome.

You will find the equipment used and the methods employed in rendering telephone service interesting.

An appreciation of what is involved in handling your calls will be helpful in our efforts to give satisfactory service.

Oregon Telephone Company

Long Distance

strides across continents with the speed of lightning at a cost within the reach of all. It is the only communication system that permits you to complete a transaction at a distant point as accurately and as easily as you could in your own office or home.

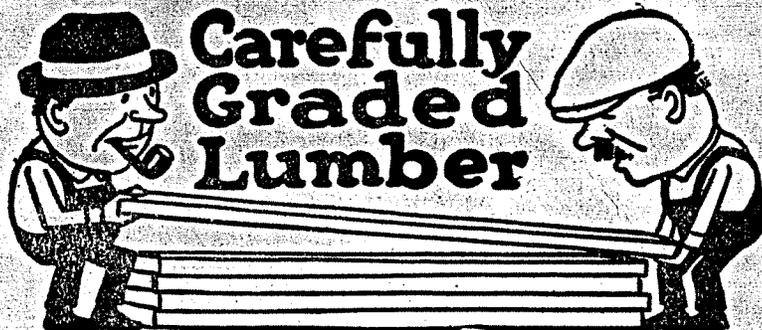

Call Long Distance

--The Wonder is the Cost is so Low.

Oregon Telephone Company

Tipton Lumber Co.

Forest Grove, Oregon

means you get just what you pay for. There's a lot of comfort in knowing that your lumber came from a concern with a reputation too good to risk by careless grading. We always try to give our customers the benefit of the doubt. If a board is a "tolerable first," it's a "second" with us, and so graded and priced. Ask the carpenters.
